I wanted to let you know how wonderfully spoiled I feel today – walking into my office with a big beautiful red bowed box filled with all my favorite items crafted especially for me. Student notes were sweet and put a smile on my face!

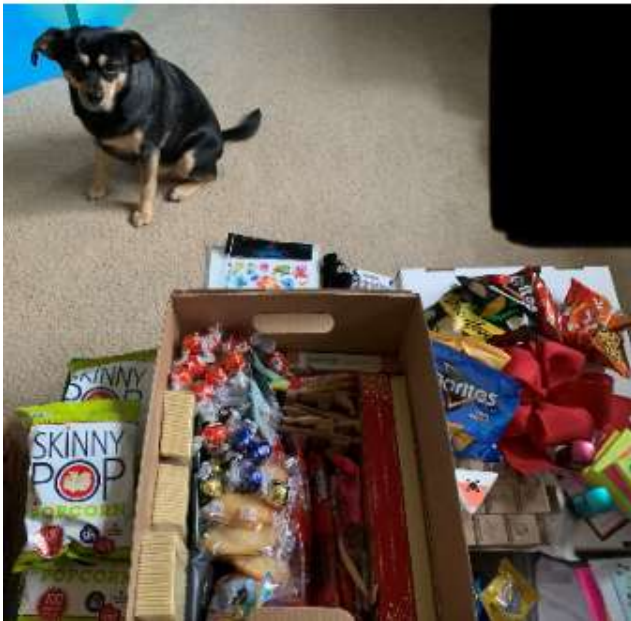

~ Amy Borberg – school nurse

*Wow! I cannot put into words how wonderful it felt to receive my care package! I never imagined teaching an entire school year online and to have very few opportunities to see my students in person. With that said, the relationships I've made with both parents and students this year have made this experience so much better. The support, flexibility, and gratitude I have felt from the families of my First Graders has been truly encouraging. The hand-made letters and small tokens of appreciation were so thoughtful and give me inspiration every day! Thank you to all and I'm so happy to continue to be a team of support for our fabulous First Grade students!*

*~ Ms Snyder – 1<sup>st</sup> grade*
