

## After School Program - Badminton Class

# Who are we?

After years of dreaming and researching, Northwest Badminton Academy (NWBA) was opened in January 2019 by a group of passionate badminton players with a vision to grow this sport in Bellevue and its surrounding areas in Washington State.

Our club offers recreational activities for everyone in the family: coaching for children, seniors and adults; conditioning classes; summer and winter camps; after school programs, badminton merchandise sales .

NWBA is a competitive but social badminton club who welcomes players of all levels to come and enjoy the game of badminton. We have 4 full time coaches and 3 part time coaches.

# What we offer?

Our vision is to instill passion, confidence and comradeship amongst the students and promote badminton as a mainstream sports in schools.

A recreation-based badminton lessons after school offers students the chance to learn more about badminton and develop their skills with fun games and activities. Anyone from beginner to experienced players can join and it's truly about enjoying the game.

Benefits of After School Badminton Class:

- Provide a fun and safe place to learn/play badminton after school hours.
- Introduce and engage students in positive, potential long professional badminton pursuits.
- Effectively increase focus, health, wellness and fitness for students.
